SMY Personel

9. Ser dismissal of non-Communist employees continues unabated. Some members of the Astrian Communist Party's Central Committee allege those diamissals are being carried out in retaliation for similar dismissals of Party members recently made by non-USIA Austrian firms. Included among those recently dismissed was Chief Engr. FEIX, an Austrian who has been supervising construction work in the Matgen oil field area and who was responsible for starting construction work on the Nova Schwechat cracking oven.
